# LÜBECH LIVING

*Welcome to our universe of sustainable experiences!*

Lübech Living was founded in 2006. We work within the business of interior, lifestyle and home decoration. Lübech Living design and produce our own brand OOhh and OOhhx. We work as the European distributor for Vance Kitira Candles and we are the Nordic distributor for the well known Italian brand UASHMAMA and the beautiful lamp collection BY EVE from Belgium.

The OOhh Collection is a unique combination of stylish and timeless Danish design and the use of special selected recycled materials. All OOhh products are made in Sri Lanka by strong and proud women working from home earning an important extra income for their family.

We are privileged to be part of this project and to witness a positive change in their local area.

OOhhx is a unique collection in the OOhh range which is designed and produced from the same values as our OOhh Collection. Common for our OOhh and OOhhx products are that they are all handmade, developed from recycled materials and part of a sustainable production. And of course always with that OOhh extra detail.

**With Love**

Once I was  
paper waste...

### ECO-FRIENDLY PACKAGING SYSTEM

Today I'm a piece of timeless design  
ready to add atmosphere to  
your interior

### Nesting

From 2020 several of the OOHH pots will be nested. Every second pot will be slightly wider so we have the opportunity to nest the pots by two in order to help reduce CO<sub>2</sub>.

If you leave me  
in the nature I  
will biodegrade

### Recycled Packaging

Instead of throwing cardboard boxes from our suppliers out, we use them to pack your order.

We hope you will treat the waste with care.

## Sustainable production

*Made by hands*

All our products are made by hand and therefore unique.

*Social responsibility*

### SUSTAINABLE FACTS

Natural rubber waterproofs our pots.

We turn excess paper into new paper.

We dry our paper & pots in the sunlight.

We work with less privileged women in Sri Lanka.

*Dried in the sun*

## Sustainable design since 2009

*Care for tomorrow - shape the future!*

Lübeck Living is considered a strong role model in the sustainable interior industry having focused on sustainability since 2009.

We enjoy designing and creating beautiful decor from recycled materials!

We are proud to be part of the womens project in Sri Lanka and constantly strive to be innovative within our industry.

# OOhh ZERO WASTE

Our Zero Waste Concept is our latest initiative in order to protect the environment. Reusing all paper leftovers from our main production and turning it into new paper material internally, we create no paper waste in our production and no transport of our waste material.

The softness of the OOhh Zero Waste Paper is ideal to create structures and patterns and we are proud to add the Sahara design to our FW20 Collection.
