# LÜBECH LIVING

*Welcome to our universe of sustainable experiences!*

Lübech Living was founded in 2006. We work within the business of interior, lifestyle and home decoration. Lübech Living design and produce our own brand OOhh and OOhhx. We work as the European distributor for Vance Kitira Candles and we are the Nordic distributor for the well known Italian brand UASHMAMA and the beautiful lamp collection BY EVE from Belgium.

The OOhh Collection is a unique combination of stylish and timeless Danish design and the use of special selected recycled materials. All OOhh products are made in Sri Lanka by strong and proud women working from home earning an important extra income for their family.

We are privileged to be part of this project and to witness a positive change in their local area.

OOhhx is a unique collection in the OOhh range which is designed and produced from the same values as our OOhh Collection. Common for our OOhh and OOhhx products are that they are all handmade, developed from recycled materials and part of a sustainable production. And of course always with that OOhh extra detail.

**With Love**

Our indoor collection is made from 100% recycled materials and function well in any choice of home decoration. The collection creates a perfect harmony when mixed with other design led products and unique handicrafts. Simple, stylish and as always with that extra 'OOhh' detail and story behind.

The OOhh products are handmade and therefore all unique. As a result, colors and sizes may differ slightly from the text and photos.

# NO WASTE

Our No Waste Concept is our latest initiative in order to protect the environment. Reusing all paper leftovers from our main production and turning it into new paper material internally, we create no paper waste in our production and no transport of our waste material.

Our No Waste Paper is ideal for patterns and we are proud to add the new Louisiana design to our SS20 Collection.

The products are produced using solar energy as well as water recycling and therefore following the strong DNA which Lübeck Living is so well known for in the interior business. The products are shaped with beautiful lines and details. The colors are well balanced and fit perfectly with the stunning designs. The series consist of pots, vases, trays, bowls and carafes.

OOHHX Ceramics O1 and O2 are the perfect supplement to the benchmark products from the OOHH collection.
