LÜBECH LIVING

Care for Tomorrow – Shape the Future!

Lübech Living was founded in 2006. We work within the business of interior, lifestyle and home decoration. Lübech Living design and produce our own brand OOhh and OOhhx. We work as the European distributor for Vance Kitira Candles and we are the Nordic distributor for the well known italian brand UASHMAMA.

The OOhh Collection is a unique combination of stylish and timeless Danish design and the use of special selected recycled materials. All OOhh products are made in Sri Lanka by strong and proud women working from home earning an important extra income for their family.

We are privileged to be part of this project and to witness a positive change in their local area.

OOhhx is a unique collection in the OOhh range which is designed and produced from the same values as our OOhh Collection. Common for our OOhh and OOhhx products are that they are all handmade, developed from recycled materials and part of a sustainable production. And of course always with that extra OOhh detail.

With Love

Søren & Susanne Lübech

Carefully Created Collections

LÜBECH LIVING

Lübech Living

Lübech Living

Earth- and people-friendly production

Lübech Living prioritize a close collaboration with our suppliers. This way we can make sure that our products are produced under good social conditions. Furthermore we ensure that our products are made from sustainable materials in an eco-friendly way.

CAREFULLY SELECTED MATERIALS

Zero Waste Paper
Made from leftovers from our own production.

100% Recycled Paper
Which we turn into new handmade designs.

Recycled Plastic
transformed into Danish Design.

100% Recycled Glass
Mouthblown and handmade

Handmade Ceramics
produced using solar energy and water recycling.

Hand Poured Certified Candles
Asthma and allergy friendly candles tested free for cancerous particles when burning. Made from 100% refined food grade paraffin.

Leftovers from the Textile Industry
There is massive overproduction of labels. We turn the leftovers into new designs.

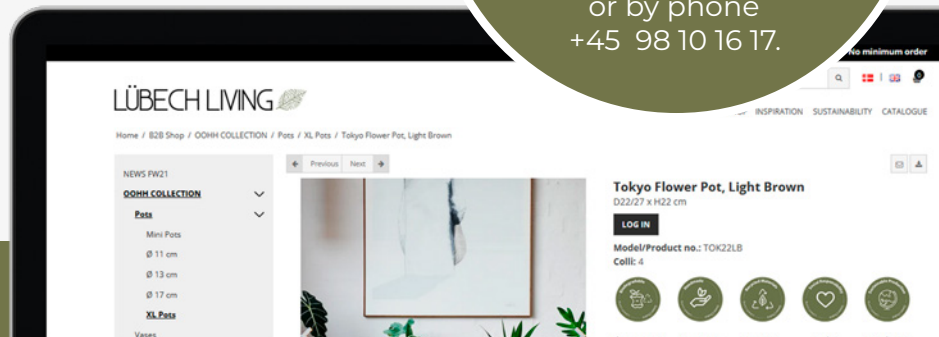

Leftover Felt
A new collection made in leftovers from Glerups production. We love this new sustainable collaboration.

RECYCLED PAPER

HANDMADE

by social responsibility projects

Pots . Trays . Pedestals . Vases

Our recycled paper collection offers a wide variety of flower pots & interior. The collection creates a perfect harmony when mixed with other design led products and unique handicrafts. Simple, stylish and as always with that extra 'OOhh' detail and story behind.

The OOHH products are handmade and therefore all unique. As a result, colors and sizes may differ slightly from the text and photos.

ECO-FRIENDLY PACKAGING SYSTEM

Eco-nesting

Since 2020 several of the OOhh pots are nested. For products with an Eco-Packaging symbol every second pot will be slightly wider so we are able to nest two pots of same height in order to help reduce CO₂. Let's go green together.

Recycled Packaging Boxes

We use recycled paper when producing our cardboard boxes.

When shipping to our customers

Instead of throwing out cardboard boxes from our suppliers, we reuse them to pack your order. We hope you will treat the waste with care. If you receive any plastic filling please note that it is 100% waste material from businesses in our area. We only use recycled plastic.

Sustainable production

Social responsibility

Made by hand

All our products are made by hand and therefore unique.

Dries in the sun

SUSTAINABLE FACTS

Natural latex is used to waterproof our pots.

We turn excess paper into new paper.

All our paper pots are biodegradable

We dry our paper & paper pots in the sunlight.

We work with less privileged women in Sri Lanka.

To reduce our CO2 footprint we nest our paper pots

Sustainable design since 2009

Care for tomorrow - shape the future!

Lübeck Living is considered a strong role model in the sustainable interior industry having focused on sustainability since 2009.

We enjoy designing and creating beautiful decor from recycled materials!

We are proud to have been part of the womens project in Sri Lanka for more than 10 years and constantly strive to be innovative within our industry.

OOhh ZERO WASTE

Our Zero Waste Concept is our latest initiative in order to protect the environment. Reusing all paper leftovers from our main production and turning it into new paper material internally, we create no paper waste in our production and no transport of our waste material.

The softness of the OOhh Zero Waste Paper is ideal to create structures and patterns and we are proud to extend the collection with new designs and colors for our SS22 Collection.

The sense of the sustainable lifestyle already began in the childhood home

Recycling and sharing resources always played a big part in the childhood home.

Pure happiness shines from Susanne's eyes when she looks back at everyday life in her childhood home. This is where she was inspired to get the maximum out of all resources and taught to share all of your leftover materials with others. She clearly remembers how the neighborhood came to the garage of the family home to pick up screws, nails and pieces of wooden lists etc. which her father had saved.

“

We want to show the world that sustainable interior and social responsibility can be united in beautiful design ”

Small communities showing creativity with their resources

Susanne and Søren already started travelling together as teenagers to destinations in Asia and Africa. Here they quickly discovered how small communities get the maximum out of the limited resources they have available. The use of recycled materials and the craftsmanship of the artisans fascinated them. When returning home they unfortunately also realized that the beautiful products they purchased did not fit into the Scandinavian interior style.

Sustainability and design must go hand in hand

Back in 2009 Susanne and Søren decided to focus purely on sustainability and social responsibility. They had a strong passion for helping as many people as possible in communities with limited access to resources. However to make this a success they knew that they had to design a beautiful collection with Scandinavian designs and sustainable principles.

A sustainable journey

It all started in Sri Lanka with a man saying “paper is not only for writing - I can make paper waterproof”. That was the beginning of a lovely collaboration with our Fair Trade project in Sri Lanka.

2010

We launched the first OOhh Recycled Paper Pots with sand finish made by less privileged women in Sri Lanka.

2009

Actually it was not in 2010. Vance Kitira already gave us inspiration for sustainable thinking in 2009.

2012

Lübeck Living were nominated for the Formland Design Award with the innovative OOhh creased paper pot on wooden base.

2018

We launched the first OOhhx recycled glass collection.

2015

We decided to start a new womens project in Vietnam in line with our Sri Lanka womens project. Resulting in the introduction of the OOhh weaved basket collection.

2013

We introduced the popular OOhh Eco-Felt made from recycled plastic.

2018

We developed the unique OOhh Zero Waste paper. Made of leftover paper from our own production.

2019

We designed our first sustainable ceramic collection produced using solar energy and water recycling.

2021

We have entered a new collaboration with Glerups on their felt waste material.

2021

To celebrate 10 years with recycled paper pots we are relaunching the first OOhh sanded paper pot in the new DUNE collection.

**We can't wait
to see where
2022 will take
us next**

INTERIOR & OFFICE

HANDMADE

by social responsibility projects

Trays . Baskets . Hangers . Racks . Frames

Our everyday lives are moving at a high speed. As a reaction the trend “Slow Living” has grown. It makes us decorate with keywords such as “calm” and “cozy”. OOhh collection is handmade from warm materials which helps you create rooms with a cozy and calm atmosphere.

The OOhh interior collection now stands out even stronger than ever before with an extended collection of candle holders and baskets. The basket collection offers truly stunning designs for all kinds of storage and perfect for the home office trend. All handmade from our popular recycled materials.

FELT COLLECTION

/ WOOLEN FELT WASTE FROM GLERUPS PRODUCTION

We reuse the leftovers from the Glerups production and create warm cozy Nordic inspired designs.

Wool is antibacterial, 100% biodegradeable, stain resistant and can keep both your coffee warm and your wine cold through it's isolating effect.

CERAMICS

HANDMADE
using solar energy

**Vases . Pots . Bowls . Carafes . Trays .
Penholders . Candle Holders . Egg Cups**

A new series of beautiful designed ceramics has been added to the popular OOhhx collection. The products are produced using solar energy and water recycling and therefore following the strong DNA which Lübeck Living is so well known for in the interior business. The products are shaped with beautiful lines and details. The colors are well balanced and fit perfectly with the stunning designs.

OOhhx Ceramics O1, O2 and O3 are the perfect supplement to the benchmark products from the OOhh collection.

RECYCLED GLASS

HANDMADE
/ Mouth Blown

Vases . Jar . Flasks . Candle holders

The first addition to the OOhhx collection was the range of beautiful mouth blown recycled glass specially selected from a renowned European glass factory. Stunning and timeless shapes combined with fabulous colors and finishes.

In perfect synergy with the other OOhh products.

The OOhhx glass collection is made from 100% recycled glass and each item is therefore unique. As a result colors and sizes may differ slightly from the text and photos.

TIP!
Create a cozy Easter atmosphere with the OOHH silhouettes.

Handmade candles

OUR RETAILERS SAYS:

“

Customers who start using Vance Kitira candles always come back for more. I have my regular customers who buy the candles because of asthma in the family.

- Balsalen, Århus

“

My customers really like the story but especially the colors, long burn hours and the fact that they are allergy friendly are of great importance to them.

- Blomstertanken, Gilleleje

Easter Time is Candle time

Certified Clean Candles

Why not do like many of our loyal retailers and create a great collection of pure clean candles for Easter. The vibrant Vance Kitira colors bring out that special Easter and Spring feeling to be enjoyed with the family in a clean indoor environment.

Celebrate Life, Light a Candle - Vance Kitira

*Asthmatic and
allergy friendly*

**Tested free for any cause
of cancer when burning**

#vancekitiraeurope

VANCE KITIRA

HAND POURED
in Thailand

Candles . Candle Holders

Certified candles with no emission of harmful or cancer causing particles.

Vance Kitira was established in 1993 by Thai forester Vance Kitira. The success behind the brand is derived by Vance's own love for nature and his unique ability to translate it into fashionable products, while protecting nature and its inhabitants in return - and the belief that ecofriendly is far from equal to high prices.

“As a brand we have seen our image stronger under
Lübech Living marketing and distribution.”

- Vance Kitira
